PUBLIC NOTICE: DATA PROTECTION ACT IMPLEMENTATION GUIDANCE

Attention to All Companies and Organizations Operating in Tanzania

In accordance with the Data Protection Act No. 11 of 2022, we wish to remind all companies and organizations that any activities related to the implementation of Data Protection measures should be conducted with due diligence and compliance with the law. To ensure the proper handling and protection of personal data, it is imperative that all entities seek guidance from the **Personal Data Protection Commission of Tanzania (PDPC)**.

The PDPC serves as the regulatory body overseeing data protection matters in Tanzania and provides essential guidance and resources to assist organizations in fulfilling their data protection obligations effectively.

Furthermore, we strongly advise all companies and organizations to engage only approved companies and individuals who are known and certified by the PDPC for any services related to data protection implementation. By working with certified professionals, you can ensure that your data protection measures are in line with legal requirements and industry best practices.

For more information and guidance on data protection compliance, please contact the Personal Data Protection Commission of Tanzania.

Let's prioritize the protection of personal data and uphold the trust of individuals in the handling of their information. Compliance is key to a secure and responsible data environment.
